

Lessons for Adept BBC Microbit Sensor Starter Kit with 35 Projects Tutorial Book

1. Download the Program onto Micro bit
2. MU microPython REPL
3. Use of simulators
4. Compass
5. Light level
6. LED module
7. Button module
8. Switch module
9. Touch module
10. Active buzzer
11. Passive buzzer
12. RGB LED
13. Temperature alarm
14. Speech
15. PIR control led
16. Photosister
17. Neopixel
18. Flame sensor module
19. Potentiometer
20. Servo
21. Potentiometer control Servo
22. Accelerate control servo
23. CM+Soil Moisture sensor
24. CM+Water level sensor module
25. Line Finder module
26. Slide Potentiometer module
27. LCD1602 display
28. PS2 joystick
29. DC motor fan
30. Flame arrester
31. Rotary encoder
32. Ultrasonic module
33. Ultrasonic control led modules
34. Ultrasonic control DC motor
35. Ultrasonic control RGB bar
